Subject: Re: FYSA

No problem.

I was not sure if you are or were aware she has been running this Facebook group for about two years. Normally in my job (DOD) we cannot do this with anything tied to our occupation. Example Females in Special Forces or Combat Units is a no go area.

I found it odd she could post freely while employed as employee or contract employee. We have to clear a lot thru Public Affairs Offices. Anyways I thought this was additional info you should be aware of just in case you had not seen it.

Facebook Group:
North Carolina Stop GenX and Nafion in Water
Admin Johnsie Lang

Mr. Hines

This is for your situational awareness.

I as a GS Supervisor understand this and can't say I had not warned Johnsie months ago that as a Contractor she was getting into gray waters.

Just wanted you aware of a push by Dana Sargent and Clean Cape Fear on this.
